Dear Mr Leppämäki,

RE: Caterpillar ECF-1-a and Caterpillar ECF-2 Performance

This letter is to confirm that Teboil Power Plus SAE 15W-40 (based on Lubrizol technology) meets the performance requirements of Caterpillar ECF-1-a and Teboil Super HPD SAE 15W-40 (based on Lubrizol technology) meets the performance requirements of Caterpillar ECF-2.

This technical judgement is based on the above mentioned oils meeting API CH-4 and API CI-4, respectively. In addition, Lubrizol has carried a series of tests in the Caterpillar 1P and the Caterpillar C-13 engines that support the Caterpillar ECF-1-a and ECF-2 performance targets.

Yours Sincerely

Alexandra Mayhew
Technology Manager – Engine Oils
